

Low Power Splitter [380-2700 MHz]

FEATURES

Wilkinson design power splitter that offers optimal performance and operates from UHF to 2700MHz

| Specifications | |
|----------------------------------|---------------------|
| Frequency Range (MHz) | 300-2700 Mhz |
| Power Rating, Combining (W) | 0.5 |
| Power Rating, Splitting (W) | 50 |
| Peak Power (kW) | 1 |
| Impedance (Ω) | 50 |
| Intermodulation (PIM) 2 X 43 dBm | ≤-130 dBc |
| Isolation (dB) | >18 |
| Operating temperature - °F (°C) | -30≈167 (-35≈75) |
| Environmental | IP65 Indoor/Outdoor |

| Model | Insertion Loss (dB) | Output Isolation (dB) | VSWR | Split Loss (dB) | Weight - Ibs |
|---------|------------------------|--------------------------|---------|-----------------|--------------|
| 2WPSU/N | 0.8 | 0.3 | ≤1.30:1 | 3 | 1.1 |
| 3WPSU/N | 0.6 | 0.6 | ≤1.35:1 | 5.2 | 1.1 |
| 4WPSU/N | 0.6 | 0.6 | ≤1.40:1 | 6.6 | 1.4 |
